Cloud Ready Disaster Recovery

Healthcare Triangle Inc (HCTI) brings public cloud powered backup and disaster recovery to healthcare organizations. We give industry leaders access to low cost, highly secure backup and disaster recovery. Assuring you that your data will be safe and easy to recover if events disrupt your primary systems.

EHR Cloud Backup and Disaster Recovery from HCTI is provided on AWS which is the largest public cloud provider. It offers scalability, cost-effectiveness, security and durability. AWS' capabilities can't be matched by the hosting services of private or healthcare organizations.

We've been a premier member of the AWS Partner Network since 2008 - providing a blend of experts, practices, and solutions to deliver a comprehensive Cloud service. Our Disaster Recovery solution offers a secure base platform, enabling your business or organization to embrace cloud securely and expand in the future.
