

HEALTHCARE
TRIANGLE™

Reinforcing Healthcare Progress™

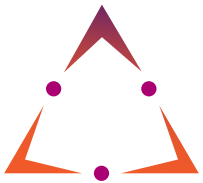

PEARL Training Method for Epic, focused on Adult Learning Principles, Achieves Stellar Results

Is your organization prepared to improve its key performance indicators, meet the goals of the healthcare triple aim (better care, improved population health, and lower costs), and maximize electronic health record provider and other end user satisfaction scores? Whether you have providers already familiar with the EHR system or brand new end users, Healthcare Triangle can quickly transition them into EHR experts.

Our unique, evidenced-based PEARL Training Methodology focuses on adult learning principles. PEARL Training Methodology integrates lower cost flipped classrooms, self-paced learning, and robust simulations to help you achieve maximum EHR satisfaction and efficiency for your end users and stronger metrics for your organization.

Recent client results include:

- 98% reduction in rounding requests
- 50% reduction in command center days
- 25% reduction in training time
- Improved end user satisfaction (approximately 97%)
- Significant financial savings (approximately \$1.7 million in indirect savings)
